

# DEFENSE TECHNICAL INFORMATION CENTER

# 2012 DTIC Conference

*Connecting Lab Research with the Warfighter* March 27-28, 2012

March 26, 2012 Pre-Conference March 29-30, 2012 Post Conference & Boot Camp

DTIC's customers include scientists, engineers and professionals in the federal technology research, development, information science and acquisition communities. Conference participants represent the Department of Defense (DoD), other federal agencies, their contractors and potential contractors.

The Defense Technical Information Center (DTIC®) serves the Department of Defense (DoD) community as the largest central resource for DoD and government-funded scientific, technical, engineering, and business related information available today.

For more than 65 years DTIC has provided the warfighter and researchers, scientists, engineers, laboratories, and universities timely access to more than 2 million publications covering over 250 subject areas. Our mission supports the nation's warfighter.

**DTIC is a DoD Field Activity** within the Under Secretary of Defense for Acquisition, Technology and Logistics (AT&L), reporting to the Assistant Secretary of Defense for Research & Engineering (ASD(R&E)).

**Publicly Accessible Information**—All visitors can search DTIC's publicly accessible collections and read or download scientific and technical information, using DTIC Online at [www.dtic.mil](http://www.dtic.mil). DTIC also makes available sensitive and classified information to eligible users who register for DTIC services.
